BOSS OF IT ALL

(G (

(G (
If I were the boss of it all.

(G (
If I were the boss of it all

(G
I'd go to bed,

(G
Really late

(G (
And I wouldn't pack away at all

F
I'd never clean my teeth

F (
Or put shoes on my feet

(D D7
I'd never eat a single vegetable

D7 G
And I wouldn't even use a plate

If I were the boss of it all

I'd probably change the rules

I'd make everyone first

And no one would lose

In every game we choose

And I would take the fence down

Between your place and mine

So we had lots of space

For the biggest game of seek and hide

If I were the boss of it all

If I were the boss of it all

I'd open the zoo's front door

And let all the animals

Out on the streets

So they wouldn't be caged no more

And I would take all the food and
money in the world

And share it out, piece by piece

So everybody got some

If I were the boss of it all.

If I were the boss of it all x4
